

## **ALABAMA RULES OF JUDICIAL ADMINISTRATION**

### **Rule 28.**

#### **Fiscal procedures.**

The administrative director of courts ("ADC") shall, after consultation with the Examiners of Public Accounts, provide assistance in the development of financial systems for the receipt, deposit and disbursement of all funds of the offices of clerks, registers and magistrates.

[Amended 9-28-87, eff. 10-1-87.]

#### **Comment**

This rule requires the ADC to provide assistance to clerks and registers in developing financial systems, but recognizes that ultimate accountability for the receipt and disbursement of funds rests with local officials.
